MORE INDIOTMENTS EXPECTED.

Federal Grand Jury Resumes Postal Scandal Investigation.

Washington, Aug. 20.—The grand jury has resumed its inquiry into the affairs of the post office department, and it is expected that at the conclusion of the investigation there will be another batch of indiotments.

The post office inspectors also are still engaged in original inquiries, and it is understood will present the facts in the cases of a number of department employees, which, while not criminal in character, are considered sufficiently irregular to call for attention at the hands of the high officials of the department.

Among the cases of this character is that of W. C. Hazard, division superintendent of rural free delivery for the state of New York, who it is charged drew a per diem allowance of \$4 from the government as if on active field duty while confined in a hospital under treatment for a gunshot wound. These cases have not been brought officially to the attention of the postmaster general, and no decision regarding them has been arrived at.

Went to School With William.

Berlin, Aug. 20.—Baron von Windhelm, whom the emperor has just appointed governor of upper Silesia, was a classmate of his majesty at Bonn university. The affection formed between them then has been unbroken since. It is well understood at court that Von Windhelm is destined for a high place in the government and his present appointment is regarded as merely a preliminary to his entry into the cabinet. Von Windhelm's public services, after filling various minor posts, have been as police president of Frankfurt and Berlin. The latter is deemed to be an important office.

Shot Policeman and Himself.
